

AQUATICA TOPTAP

Volume 18
August 2014

Wed 10 - Sun 14 September 2014
ASB Showgrounds Greenlane

Aquatica will be at the Auckland Home Show on Stand 383 in Hall 4 once again this year. With our new, improved stand it is expected that, as in the past, Aquatica's tapware will be of significant interest to a great deal of home owners. Many will be renovating or building new homes and will be looking for innovative, stylish tapware and laundry tubs. Gone are the days when tapware did nothing more than deliver water to the sink, basin, bath or shower. People nowadays want much more and so now it's Aquatica's turn to deliver.

Below are some of the new products which will be on display.

Aquatica is hosting two early morning breakfasts during the Homeshow. If you would like to attend, please contact us at info@aquatica.co.nz or by phone on 09-820 6656.

Mist Mode

Rain Mode

Waterfall Mode

Multi function shower system with a multi coloured LED light panel. You can select a single colour or a light show using the remote control.

Protecting Auckland's Animals

During the last weekend of March, Aquatica held an Ex-Factory Stock sale in Avondale which included end of lines, samples and seconds.

Our charity of choice for this sale was the SPCA and Aquatica were pleased to donate 5% of the proceeds to the SPCA.

And so a few days after the sale, Martin Jennison & Marian Mills visited the Mangere SPCA Centre where Martin presented Chris Harris, Events & Community Fundraiser Manager, with a cheque for \$3284.

(Marian's car was duly searched before leaving the premises to ensure she wasn't sneaking off with a couple of puppies!)

Chris Harris, SPCA Mangere receiving a cheque from Martin Jennison, Aquatica

Meet the Staff @ Aquatica

Len Becroft - Production Engineer

Len Becroft has been with the company since Malcolm & Christina Box first started Aquatica back in 1999. As Production Engineer, he ensures new and existing products are fit for purpose, as well as redesigning product where necessary.

Len has a cat who was presented to him by his Aquatica colleagues on the occasion of a milestone birthday back in 2005. Asked why he named the cat "Greystoke", Len smiled and said "He's grey and he's Lord of the Jungle". (If you've no idea, just Google it - like we had to!)
