

Volume 19
September 2015

Wed 9 - Sun 13 September 2015
ASB Showgrounds Greenlane

Each year, Aquatica uses the HomeShow to showcase our new tapware, laundry tubs and stainless steel sinks.

This year, we will also have newly designed laundry tubs on display. These tubs have undergone many progressive design changes since Aquatica first introduced our tubs to the New Zealand market.

Aquatica is once again hosting our two early morning breakfasts during the Homeshow. If you would like to attend, please contact us at info@aquatica.co.nz or by phone on 09-820 6656.

Come and see us on Stand 383

NEW

Saluto

A range that crosses the boundaries of functionality, but with a minimal design. Suitable all pressures above 35kPa.

 - RPM2600

NEW

A Laundry Tub for all Seasons

aquatica

Hub Tub range

Features include a solid full width door, stylish metal handles, low profile console. All Hub Tubs are fully assembled in New Zealand. The range will be available from December 2015.

The idea for this initiative came from the Management Conference at the beginning of 2012. This Award is given each month to a staff member who demonstrates outstanding customer service. This can be directly to customers, or indirectly by assisting others in the business with helpfulness, enthusiasm and demonstrating commitment so that the business can deliver outstanding service.

Nominations are accepted from any staff member and reasons for nominating must be given. The Directors, Malcolm & Christina Box, then select one person per month, with the winner receiving \$100 together with a congratulatory note. At the end of the year all winners are entered into a major drawer for a prize of a 7 day cruise for two. Once again, the winner is voted for by all staff members.

The winner for the year ended March 2015 was Koro Whiti, who was voted by his colleagues for his hard work making displays, for his willingness to help anyone and everyone in the business, so that they could deliver better for the customer. Koro joined us in 2004 as our field service engineer and after a short break in 2007 we asked him to return to us to work on displays. With Koro's quiet, happy nature and willingness to teach, he has become a great role-model and friend to many. And with his young good looks, it's hard to believe he's going to be 70 this year!
