What a Year!

We've seen the housing market bubbling along, the commercial sector really firing and house prices appearing to have topped out. And who would have thought that more people would immigrate back to New Zealand from Australia than would leave to go there!

The Rugby World Cup is, of course, safely back home for at least the next four years and even the Black Caps came close to getting their hands on the Cricket World Cup.

For Aquatica, it has been one of our busiest years for bringing new product to the market, from new tapware ranges Saluto, JaJa and Cue, to stainless steel sinks, stainless steel tapware and waste disposers. And this month will also see the release of our new range of laundry tubs - Hub Tubs.

As the year draws to a close, everyone at Aquatica would like to thank all our customers and suppliers for their support in the last 12 months.

May we take this opportunity to wish you a merry and safe Christmas and a happy New Year.

The Team @ Aquatica wish you a happy and peaceful Christmas
