

# AQUATICA TOPTAP

aquatica   
August 2016

auckland  
**HomeShow**  
New Zealand's No1 Building & Renovation Expo   

Wed 7th - Sun 11th September 2016  
ASB Showgrounds Greenlane

**Come and see us on Stand 383**

Aquatica will, once again, be at the Auckland HomeShow in September. As always, their tapware will be of significant interest to the general public, many of whom are either renovating existing homes or building new ones. They will be looking for innovative, stylish products for their kitchens, bathroom and laundries. For gone are the days when taps did nothing more than deliver water into the home, and laundry tubs were unsightly objects in the outhouse. Nowadays customers want much more and that's where Aquatica comes in.

Below are some of the new products which will be on display.

For the 11th year running, Aquatica will be hosting its two early morning breakfasts during the HomeShow. If you would like to attend, please contact us at [info@aquatica.co.nz](mailto:info@aquatica.co.nz) or on 09-820-6656.

## JaJa

With its proud stance, JaJa has an elegance all of its own.

## Nanu

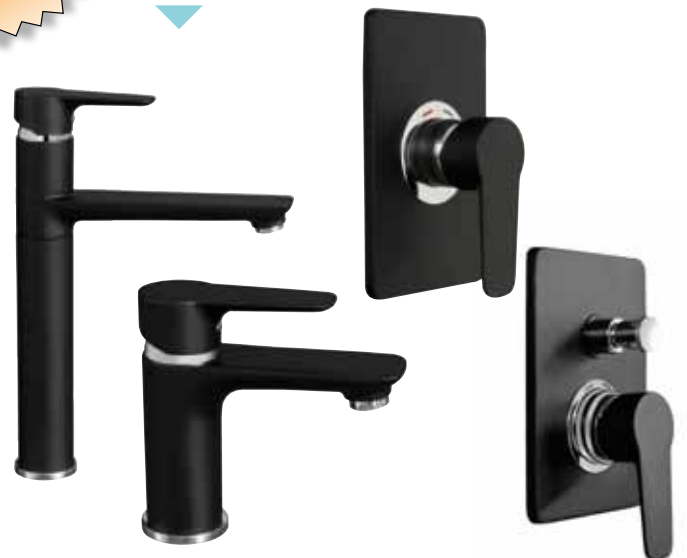

Style and panache come together to create a range of tapware, ideal for small areas where space is at a premium.

**NEW**

## Goccia Black

Taking the round sleek look of Goccia to a new level. Available November 2016.

Aquatica is proud to have been selected as a finalist in the "PlaceMakers Small Supplier of the Year" and "Mitre 10 Hardware Supplier of the Year 2016" categories. These awards are judged on a number of criteria including customer service, DIFOT, training and product quality.

While we did not pick up the ultimate awards in either case, considering the vast amount of suppliers these companies have, it was a very good achievement to be in the top three of each category.

Aquatica's latest range of laundry tubs - "HubTubs" - is now on the market. Using the most progressive design changes since first releasing laundry tubs onto the NZ market, we have now given a whole new look to the once uninspiring kiwi laundry tub. Changes that have been made are:

- New low profile console on 560mm models
- 350mm wide tubs (without console)
- Full width reinforced door on the 350 and 500mm tubs
- Metal recessed door or drawer handles on all tubs
- Reversible door
- New 1200mm Stainless Steel Tub

These tubs come with the full Aquatica warranty and are all built and tested in New Zealand
