

Technical drawing of a vertical pipe assembly. The drawing shows a vertical pipe with a flange at the top and a horizontal pipe branch on the right. The vertical pipe has a threaded section at the bottom. Dimensions are indicated as follows:

- Overall height of the vertical pipe section: 145
- Horizontal distance from the centerline of the vertical pipe to the centerline of the horizontal pipe branch: 105
- Vertical distance from the centerline of the horizontal pipe branch to the bottom of the vertical pipe: 55
- Horizontal distance from the centerline of the horizontal pipe branch to the right edge of the vertical pipe: 55
- Thread specification: 1/2" BSP

**Handy Tip:** To remove handle, unscrew all 4 spokes of the handle.

Aquatica NZ Limited offer, from the date of purchase, a 2 year warranty on handshowers, a 5 year warranty on tapware and accessories and a lifetime warranty on stainless steel sinks.

Aquatica NZ Limited warrants that only high quality workmanship and materials have been employed in the manufacture of its tapware, accessories and stainless steel products. If any faulty workmanship or materials is proven during the warranty period, Aquatica NZ Limited will at its own cost repair, or at its option replace, the faulty product.

- The guarantee is non-transferable and proof of purchase is required.

The use of spray or abrasive cleaners of any kind will void the warranty. (Tapware should only be cleaned with a mild detergent and a soft damp cloth).

Failure to use an in-line strainer or filter on lines to tapware incorporating a ceramic cartridge or ceramic disc mechanism may also void the warranty.

Every effort has been made to show the products as they will be sold, however, all models and specifications are subject to change without notice.

Recommended Pressure  
Operational Range:  
Minimum: 150 kPa  
Recommended: 600 kPa  
Never to Exceed: 1000 kPa

Maximum Operating  
Temperature: 70°C
